HEI Appeal Explanation

We appreciate the opportunity to clarify our response regarding **Criterion 2.1.1 (Enrollment Percentage)** and the number of **seats filled and sanctioned** year-wise over the last five years.

1. Clarification & Justification:

The institution's enrollment and sanctioned seat data have been compiled based on official admission records, institutional reports, and approvals from the affiliating university/regulatory bodies. The modifications made by the DVV indicating zero enrollments and zero sanctioned seats do not align with the actual admissions and approvals granted during the respective years.

To validate our original submission, we are providing supporting documents, including:

1. Number of admitted students and sanction seats for the academic year 2019-20 has been provided.
2. Sanction of intake from affiliating University for each programs has been provided.
3. Approved admission list year-wise (first year admission) program-wise for the last five years from the Affiliating university has been provided.

Request for Reconsideration

Based on the documentary evidence submitted, we kindly request a re-evaluation and restoration of the originally submitted figures for both the number of seats filled and the number of sanctioned seats.
