HEI Appeal Explanation

We appreciate the opportunity to provide clarification regarding Criterion 2.1.2 (Percentage of Seats Filled against Reserved Categories) for first-year admissions over the last five years.

1. Clarification & Justification:

- The reduction in the number of actual students admitted from reserved categories by the DVV does not align with our official admission records.
- The sanctioned intake for reserved categories follows the State Government's reservation policies, and our admissions strictly adhere to these guidelines.
- The variation in numbers provided by the DVV needs reconsideration based on actual institutional records.

2. Supporting Documents for Verification

We are providing the following official supporting documents as evidence:

- Final admission list of first year students indicating their category published by the HEI and signed by the principal.
- Admission extract submitted to the state OBC, SC and ST cell every year for the first-year students with seal and signature of the principal.
- Document showing the number of seats year marked for the reserved categories duly certified by principal.

Request for Reconsideration

Given the documentary evidence submitted, we respectfully request the restoration of the originally submitted figures for both the actual students admitted from reserved categories and the number of seats earmarked as per government policy.
