RE-DVV CLARIFICATION

Details of 7.1.2 The Institution has facilities and initiatives for

1. Alternate sources of energy and energy conservation measures
2. Management of the various types of degradable and non-degradable waste
3. Water conservation
4. Green campus initiatives
5. Disabled-friendly, barrier free environment

HEI SSR Input: A. 4 or All of the above

After DVV: C. 2 of the above

HEI Appeal Explanation

Our institution had originally selected Option A (4 or All of the Above) based on the comprehensive measures implemented across all five categories. However, the DVV has revised this selection to Option C (2 of the Above).

We respectfully submit the following clarification and supporting evidence to validate our initial response:

1. Alternate Sources of Energy and Energy Conservation Measures:

- The institution has installed solar panels to reduce dependency on conventional electricity.
- Use of LED lighting across the campus to minimize energy consumption.

2. Management of Degradable and Non-Degradable Waste:

- Implementation of waste segregation bins across the campus.
- Effective composting measures for biodegradable waste management.
- Regular collection and safe disposal of E-waste and hazardous waste through authorized agencies.

3. Water Conservation:

- Rainwater harvesting systems are installed and actively utilized.
- Water-saving mechanisms throughout the campus.
- Regular monitoring and awareness for water conservation among staff and students.

4. Green Campus Initiatives:

- Large-scale tree plantation drives conducted annually.
- Designated Herbal Garden to maintain ecological balance.
- Encouragement of paperless communication to reduce environmental impact.

5. Disabled-Friendly, Barrier-Free Environment:

- Provision of ramps and handrails at key locations.
- Wheelchair-accessible pathways and special restrooms for differently-abled individuals.
- Braille blast Software and assistive technologies available in the library.
