RE-DVV CLARIFICATION

Details of 7.1.3 Quality audits on environment and energy regularly undertaken by the Institution.

The institutional environment and energy initiatives are confirmed through the following

1. Green audit / Environment audit
2. Energy audit
3. Clean and green campus initiatives
4. Beyond the campus environmental promotion and sustainability activities

HEI SSR Input: A. All of the above

After DVV: C. Any 2 of the above

HEI Appeal Explanation

Our institution initially selected Option A (All of the Above) based on our active engagement in all four specified areas. However, the DVV has revised this selection to Option C (Any 2 of the Above). We respectfully submit the following clarification and supporting evidence to validate our original response.

1. Green Audit / Environment Audit:

- The institution conducts regular green audits through certified agencies to assess air quality, and sustainable practices.
- Reports on tree plantation, waste management, and Eco-friendly initiatives are documented.

2. Energy Audit:

- A professional energy audit is conducted periodically to analyze electricity consumption patterns.
- Implementation of energy-saving measures, including LED lighting, solar power, and energy-efficient appliances.

3. Clean and Green Campus Initiatives:

- The institution follows a strict "Zero Plastic" policy on campus.
- Tree plantation drives and campus landscaping projects contribute to maintaining a green environment.
- Awareness programs on sustainable practices for students and faculty.

4. Beyond the Campus Environmental Promotion and Sustainability Activities:

- Community engagement through awareness campaigns on water conservation, waste segregation, and afforestation.
- Participation in Swachh Bharat Abhiyan and other government-led sustainability programs.
- Collaboration with NGOs and local authorities to promote environmental sustainability beyond campus.

Request for Consideration

Given the above initiatives and documented evidence, we believe our institution fulfills all four aspects of the criterion. We respectfully request a re-evaluation and restoration of Option A (All of the above) as our original response.

Attached are audit reports, photographs, certificates, and participation records for verification.
