### HEI Appeal Explanation

We respectfully appeal for a reconsideration of the Data Validation and Verification (DVV) outcome regarding the number of extension and outreach programs conducted by our institution in collaboration with industry, community, and Non-Government Organizations (NGOs) through NSS/NCC and other organized forums over the last five years. The revised figures reflecting "0" programs for all years do not align with the actual activities conducted. We provide the following justifications for our appeal:

#### **1. Submission of Documentary Evidence:**

Our institution had submitted comprehensive supporting documents, including event reports, attendance records, photographs, and brochures, as evidence of the outreach programs conducted. We request a detailed clarification on the basis for exclusion so we can address any gaps in documentation.

#### **2. Nature of Activities and Collaborations:**

The reported programs were conducted in collaboration with various stakeholders, including local communities, industry partners, and NGOs, focusing on social service, awareness campaigns, environmental initiatives, health camps, and other extension activities.
