DEPARTMENT OF AGRICULTURE ENGINEERING

REPORT ON "NATIONAL LEVEL VIRTUAL WORKSHOP ON IDEA

GENERATION FOR START-UPS "

Department of Agriculture Engineering, Excel Engineering College (Autonomous) has organized one day "National Level Virtual workshop on Idea Generation for Start-ups " on 27.11.2021.

The guest lecture commences sharply at 11.30 am with welcome address by Ms. P. Rajalakshmi. III-year, Department of Agriculture Engineering, and Ms. N. Kamalisri. III-year, Department of Agriculture Engineering, introduced Chief Guest. Then guest lecturer Mr. Sam Solomon D P. Assistant Professor, Department of Mechanical Engineering, Coimbatore Institute of Technology (CIT), Coimbatore – 641014. Delivered Virtual Guest Lecture on Idea Generation for Start-Ups " to our Agriculture Engineering students.

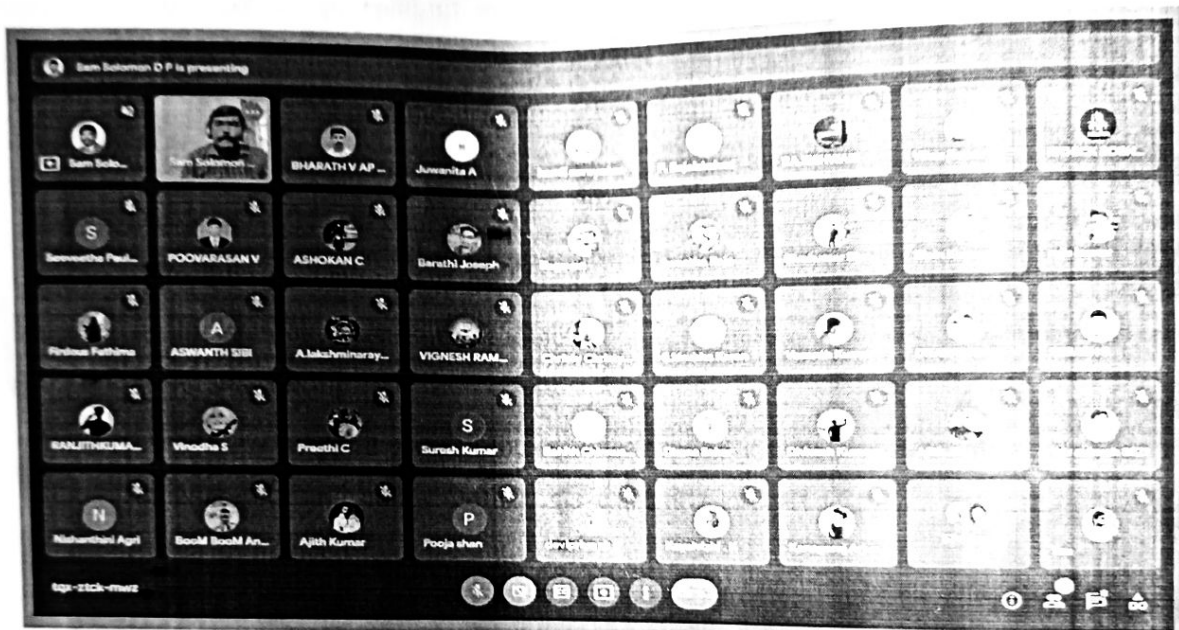

In this guest lecture chief guest delivered the lecture to knowledge our students about "Idea Generation for Start-Ups " and the following knowledge have been shared.

- In the real world, you need about two weeks to work out the stage from ideas generation to execution. Here is how I will break it down for you using 2 weeks:
- Day 1 – Day 4: Sketch your ideas within the first four days on the industry you focused. Try to brainstorm without constraints and work out all possible ideas you

have. The key is to make sure that you have enough ideas to be eliminated in the next stage.

- Day 5 – Day 7: From the list you have brainstormed, decide on the top 3 ideas which you think will succeed.
- Day 8 – Day 11: Do your market research, surveys and reading secondary data on your industry. One important thing is to make sure that you end up getting the final idea. Make sure you talk to people in the industry whether they are from an MNC and start-up.
- Day 12 – Day 14: Focus on the last idea you have eliminated and work out the timeline and milestones so that you can get a prototype to market within 6-8 weeks from this date.

The Guest Lecture was adjourned at 1.00 pm with vote of thanks by Ms. B. Nishanthini. III year, Department of Agriculture Engineering, Excel Engineering College (Autonomous).

KOMARAPALAYAM – 637303

DEPARTMENT OF AGRICULTURE ENGINEERING REPORT ON "SKILL DEVELOPMENT PROGRAM"

Department of Agriculture Engineering, Excel Engineering College (Autonomous) has organized Skill Development Program on 02.04.2022.

The Guidelines programme commences sharply at 2.30 Pm with welcome address By Mr. V. Bharath, AP/ Agri, EEC. Chief Guests Dr. Thomas Mathew. Associate Professor, Dept of English, EEC. Delivered a Skill development session to our students.

Tiruchengode, Tamil Nadu, India
CQXC+RJ9, Tiruchengode, Tamil Nadu 638008, India
Lat 11.449117°
Long 77.771582°
02/04/22 03:09 PM

In this Skill development program chief guest delivered the session to knowledge our students about Group Discussion and the following knowledge have been shared.

Do's

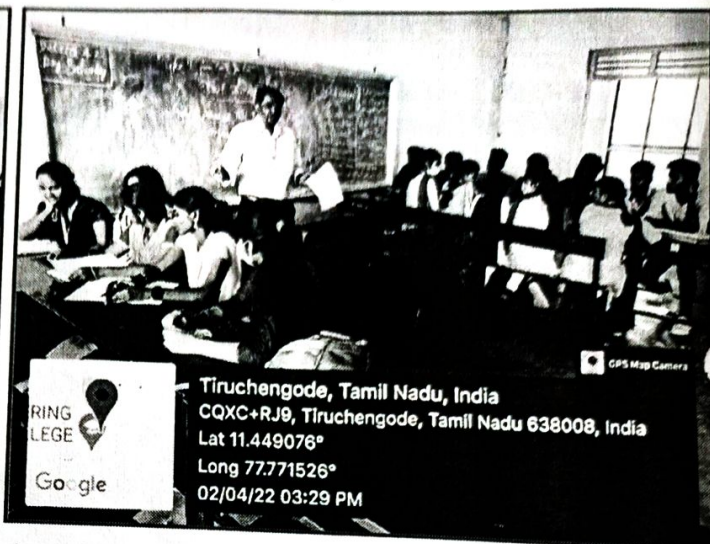

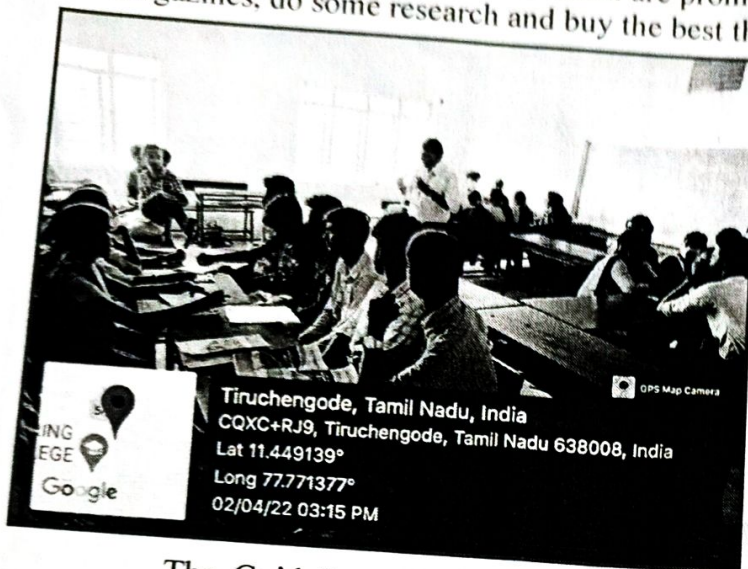

1. Rich Content with good subject knowledge Having good subject knowledge and rich content is the first and foremost GD tip to enter the Group Discussion Round. Following are the key steps to improve your Group discussion skills in regard to GD content preparation:

You should prepare on variety of topics as rich and right subject knowledge will be required during GD round.

You should have subject knowledge and be well aware of the latest happenings around you, not just in India but around the world as well. Subject knowledge is a pre-requisite while you are preparing for a group discussion because you will then have the power to steer the conversation to whichever direction you want to. If you can memorize some relevant data, it will be an added advantage.

If you are a good reader and read on variety of topics, it will help you in group discussion round. There is no need for last minute preparation. You should read over a period of time. Reading not only adds to your knowledge database, but enhances your vocabulary skills as well.

Always choose the magazines that are content rich and not just full of advertisements. Often magazines have columns which are promoting a particular institute etc. Avoid such magazines, do some research and buy the best that will be beneficial for you.

The Guideline programme was adjourned at 04.45 pm with vote of thanks by Mr.C. Manoj Prabhu, Assistant Professor, Department of Agriculture Engineering, Excel Engineering College (Autonomous).
