PROGRAMME REPORT

“TREE PLANTATION”

DATE : 23/07/2022

VENUE : Excel Engineering College Campus

NO. OF PARTICIPANTS : 32

The program was arranged by the Department of MCA under the guidance of Dr.K.Bommanna Raja Principal preside over the function. Dr S Gunasekaran guided us on how to plant a sapling properly to all the faculties and students of MCA department. The program was coordinated by Dr.R.Geetha Around 32 students were participated. The aim of the program is to plant a total of 500 saplings on the college campus and nearby local areas. One by one students and staff members started planting saplings. Firstly, we started planting saplings in the garden of our college campus and after that, we planted saplings in the nearby local areas of our college.

Awareness Programme on Renewable Green Energy

Summary Report

This is to inform that, Excel Engineering College, Department of AI&DS conducting Awareness programme on Renewable Green Energy on 19.03.2022. Green energy is at the heart of all ecological strategies because it affects companies in three vital areas: environmental, economic, and social. Conventional energy sources based on oil, coal, and natural gas have proven to be highly effective drivers of economic progress, but at the same time damaging to the environment and to human health. The potential of renewable energy sources is enormous as they can in principle meet many times the world's energy demand. Renewable energy sources such as biomass, wind, solar, hydropower, and geothermal can provide sustainable energy services, based on the use of routinely available, indigenous resources.

Renewable energy sources currently supply somewhere between 15 percent and 20 percent of world's total energy demand. The supply is dominated by traditional biomass, mostly fuel wood used for cooking and heating, especially in developing countries in Africa, Asia and Latin America. A major contribution is also obtained from the use of large hydropower; with nearly 20 percent of the global electricity supply being provided by this source. New renewable energy sources (solar energy, wind energy, modern bio-energy, geothermal energy, and small hydropower) are currently contributing about two percent. A number of scenario studies have investigated the potential contribution of renewable to global energy supplies, indicating that in the second half of the 21st century their contribution might range from the present figure of nearly 20 percent to more than 50 percent with the right policies in place.

WORLD ENGINEERING DAY FOR SUSTAINABLE DEVELOPMENT ON 05.03.2022

Our Civil Engineering department conducted the "World engineering day for Sustainable development on 05.03.2022 at Kandasamy hall and arranged industrial visit at Mayan Traders, Komarapalayam. The need of masonry material is fulfilled by using fly ash bricks which have more compressive strength. Now days the cutting of trees for doors & windows is banned so UPVC frames are best alternate choice for door & window frames. The use of UPVC frames do not require the seasoning done for wood.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

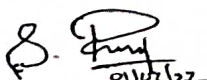

Circular

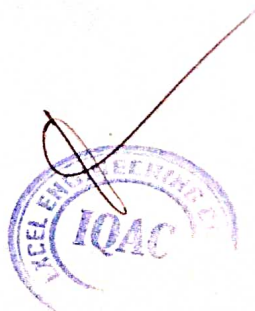

Date: 01-03-2022

We plan to organize "TREE PLANTATION" for all II and III year students of CSE on 03.03.22. Tree plantation is the process of transferring of seedlings from one place to another for different purposes. They beautify our surroundings, purify our air, act as sound barriers, manufacture precious oxygen, and help us save energy through their cooling shade in summer and their wind reduction in winter.

SUMMARY REPORT

This is to inform that, Excel Engineering College, Department of Computer Science and Engineering conducted "Tree Plantation in Excel Campus" on 03.03.2022.

Tree plantation is very necessary because trees provide oxygen to the environment and make the air quality better. If more trees are planted, then the world's environment will become a safer place to live in. Tree plantation also reduces pollution, thus making the life of future generations secure.

We started planting saplings in the garden of our college campus and after that; we planted saplings in the nearby local areas of our college. Students also made some posters and banners on the importance of tree plantations. The purpose of tree plantation is save the endangered environment.

SUMMARY REPORT

This is to inform that, Excel Engineering College, Department of Computer Science and Engineering conducted **"Create Awareness and Cleanliness of Public Places"** conducted on 20th November.

"Create Awareness and Cleanliness of Public Places" is conducted on 20th November. Cleanliness is the art of keeping your intellect, body, home, and environment spotless. We should make cleanliness our routine work as cleansing our body and mind is crucial for good mental and physical health.

The cleanliness of our neighborhood and surroundings is significant for social health. It is not other's duty instead it's our self-duty to have a hygienic living as lack of cleanliness may result in various types of illness and disease and make a breeding place for mosquitoes and flies.

Basic cleanliness begins from our hygiene to begin with we should begin by washing our hands by preventing entry of bacteria and germs away.

We should never compromise with cleanliness as it is important as food and water for us. Mahatma Gandhi once said, "I won't let anyone rehearse my mind with their dirty feet."

Special Address

: Dr.N.Mathan Karthick
Vice Chairman, Excel Group Institutions.

Felicitation Address

: Dr.Anbu Karuppusamy
Director Administration, Excel Group Institutions.

Introduction to Chief Guest

: Dr.R.GOBU
AP/EEE
Department of Electrical and Electronics Engineering
Excel Engineering College.

Chief Guest Address

: Dr.P.Pachamuthu
Assistant Professor (Sr.G)
Bannari Amman Institute of Technology, Erode

Deliver Guest Lecture On

“Energy Conservation”

Vote of Thanks

: Dr.R.Gunasekaran
Associate Professor, EEE
Department of Electrical and Electronics Engineering
Excel Engineering College.

INSTITUTION'S INNOVATION COUNCIL & Department of Science and Humanities

Cordially invite you for the Awareness Program on

"ENERGY CONSERVATION"

Date: 14.12.2022

Time: 2.30 PM TO 3.30 PM

Venue: A.P.J. Abdul Kalam Hall

Resource Person

Dr.P.Pachamuthu

Assistant Professor (Sr.G)

Department of Chemistry

Bannari Amman Institute of
Technology, Erode.

Activity Coordinator
M.K.Anandakumar
AP/EEE

Dept. Coordinator/IIC
Dr.R.Gunasekaran
Assistant Professor,
Dept.EEE

Dr.V.S.Arulmurugan
HOD/EEE

In the august presence of

Dr.N.Mathan Karthick
Vice Chairman
Excel Group Institutions

Dr.P.Karunakaran
Director/ IIC
Excel Technical Campus

Dr.S.Anbu Karuppusamy
Director Administration
Excel Technical Campus

Dr.K.Bommanna Raja
Principal
Excel Engineering College
Executive Director, ETC

EXCEL ENGINEERING COLLEGE (Autonomous)

Approved by AICTE, New Delhi & Affiliated to Ann
University, Chennai
Accredited by NBA (AERO, MECH, CSE & ECE),
"A+" and Recognised by UGC (2f & 12B)

Komarapalayam. Namakkal, Tamil Nadu, India.

EXCEL ENGINEERING COLLEGE **(Autonomous)**

Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai
Accredited by NBA, NAAC(AERO, MECH, CSE & ECE) with "A+" and Recognised by UGC (2f & 12B)
