SUMMARY REPORT

Department of Petrochemical technology of Excel Engineering College, komarapalyam, has conducted a special lecture on "**Skill needed for refinery operator**", 30th October 2021 through online mode. The guest speaker Dr.M.Rengasamy, Assistant Professor (Senior Grade), Anna University, Trichy. During this event we discussed the main points about the refinery. As the society is now moving towards the need of renewal able and sustainable energy due to environmental concerns and global warming. The guest lecturer has imparted his knowledge on refinery, its nature and the role it will have in the future in energy sector has it is now running mostly on the fossil fuels. He also spoke about the importance of giving back to nature and use of environmentally friendly products to limit the carbon footprint and to give a good environment for the future generation. At the end of the lecture the students have a Q&A section with the guest and activity participated in it. The guest also interacted with students and cleared their doubts regarding the career opportunity in industries and wished the best for our student's future endeavors.

The screenshot shows a Google Meet interface. The main window displays a presentation slide titled "Forms of Energy" with a pie chart. The pie chart is divided into four segments: Coal (52.1%), Petroleum (38.8%), Natural Gas (21.1%), and Hydroelectric (8.0%). The presenter's name, Rengasamy M, is visible in the top left corner. The right sidebar shows a list of participants, including Sonu Vincent, Sourav I, Steffin Alexander, subha maheswar, and Sudha P. The bottom status bar indicates the time as 10:36 AM and the meeting ID as sjk-cynl-zpu.
