KOMARAPALAYAM
DEPARTMENT OF MECHANICAL ENGINEERING
BRIDGE COURSE PROGRAM
CIRCULAR

Date: 13.08.2021

It is informed that our Department of Mechanical Engineering is planned to conduct a Bridge course program for II year lateral entry (Diploma) students from 17.08.2021 to 21.08.2021 onwards. All the students should attend the program without fail.

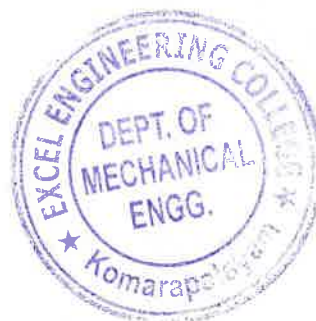

Venue: Kandasamy Hall

Time: 10.30am to 11.30am

QUALITY POLICY

“EXCELLENCE IN PROFESSIONAL EDUCATION”

VISION

“To create competitive human resource in the field of engineering for the benefit of society to meet global challenges”

MISSION

- M 1.** To provide a conducive ambience for better learning and to bring creativity in the students.
- M 2.** To develop sustainable environment for innovative learning to serve the society.
- M 3.** To meet global demands for excellence in technical education
- M 4.** To train young minds in values, culture, integrity, innovation and leadership.

DEPARTMENT OF MECHANICAL ENGINEERING

VISION

“To create competitive man power in the field of Mechanical Engineering, for the advantage of mankind”

MISSION

- M 1.** To create a conducive learning environment to make students as competent engineers.
- M 2.** To nurture the entrepreneurial ability among students.
- M 3.** To maintain sustainable development for creative learning to serve the engineering society.
- M 4.** To inculcate human values and sensitivity.

Program Educational Objectives (PEO's)

- I. Have a sound knowledge in mathematical and mechanical engineering aspects for solving engineering problems.
- II. Expertise in the areas of design, thermal, materials and manufacturing.
- III. Practice their profession with good communication, leadership, ethics and social responsibility.

Program Specific Outcomes (PSO's)

- I. Ability to apply their knowledge to design and analyze by using software tools.
- II. Engage them professionally in industries or as entrepreneurs in the field of manufacturing and design

Program Outcomes (PO's)

Engineering Graduates will be able to:

1. **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
2. **Problem analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
6. **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
7. **Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
9. **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
10. **Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. **Project management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Activity Report

Name of the Event	Paper Presentation & Technical Quiz
Event Date	12.03.2022
about the Event	<p>Paper presentation is an individual competition where each participant is required to make a paper about a given topic or area, and then present it in front of the juries.</p> <p>The presentation should include: a short intro, your hypotheses, a brief description of the methods, tables and/or graphs related to your findings, and an interpretation of your data. The presentations should be no more than 10 minutes long. That's not much time.</p> <p>Technical Quiz is mind sport wherein the players, either as individuals or in teams attempt to answer questions posed to them correctly, in order to win a prize.</p> <p>Put your knowledge about all things technology to the test with our 15 question quiz and have some nerdy fun in the process.</p>

NATIONAL ANTHEM

Faculty Profile

Name : Dr B SURESHA	
Designation : Professor	
Department : Mechanical Engineering	
Contact Details: 08214004930	
E-mail : sureshab@nie.ac.in	
Phone : 9448554240	

My academic journey was started with a Diploma in Mechanical Engineering in 1983, followed by B.E. in Mechanical Engineering from Mysore University in 1987 and M.Tech (Machine Dynamics) from IITM, Chennai. Ph.D was awarded in 2007 for the research work carried on Tribology of polymer composites from Anna University, Chennai. I have served at NIE for 30 years in various capacities as Lecturer, Senior Lecturer, Selection Grade Lecturer, Professor, Head of Centre for Composite Materials Research (CCMR), PG Coordinator for Machine Design, Dean (R&D), Member of Academic Council and Member of Academic and Examination Review Committees. My research work is focused on Materials Science, Polymer Composite Materials, Tribology in Polymer Composites, Light Weight Polymer Composites, Natural fiber Composites, Fracture and Fracture Toughness of Composites, Design with Composites, Nanocomposites. Also, some of my research work is in the field of Metal Matrix Composites, especially Al and Al based Nanocomposites. My research work has been resulted in more than 125 peer-reviewed Journal Publications and 10 Book Chapters. My research knowledge has been shared with young researchers in more than 200 International Conferences. My guidance towards research scholars has produced 7 Ph.D.'s in the field of Polymer Composites Tribology and 8 Ph.D.'s are in progress. Also, my research work has contributed the Institution with 5 sponsored projects and 1 filed Patent. My aim to exchange the knowledge with the researchers has resulted in organizing 3 international symposiums and several conferences/workshops. My research work has been appreciated by various organizations in the form of awards, namely Best Research Paper Award in 2016, "Marquis who's who" in the 10th Anniversary Edition in Science and Engineering division (2010-2014), Best Research Publication Award from VGST, Govt. of Karnataka in 2015, Outstanding Reviewer Award by Elsevier in 2015-2019, Recognized Reviewer Award by Elsevier, Transactions of Indian Institute of Metals, and Journal of Serbian Tribology Society. Top one percent Peer Reviewer Award-2018 for placing in the top 1% of reviewer in Materials Science, Top one percent Peer Reviewer Award- 2019 for placing in the top 1% of reviewers in Cross-Field on Publons global reviewer database, and Top one percent Peer Reviewer Award-2019 for placing in the top 1% of reviewer in Materials Science.

Event Description
<p>The seminar titled "NOVEL TRENDS IN COMPOSITE MATERIALS" on 13th the November 2021 starts at 09.30 am with welcome address by Dr.N.Venkatachalam of Mechanical Engineering. in this, the event kick started by Dr.B.SURESHA, The National Institute of Engineering, Mysuru was mind blown and the students were interacted eagerly at the very beginning of the event, along with this the orator explained the need of composite materials and its importance with suitable explanation. Here the detailing about to future opportunities of composite materials.</p>

Event Description

The Webinar titled "SAE For Career Building" on 09th September 2021 starts at 09.30 am with welcome address by Mr.M.sambathkumar of Mechanical Engineering. in this, the event kick started by Dr.P.Navaneethakrishnan, Mentor-SAE ISS Erode Division was mind blown and the students were interacted eagerly at the very beginning of the event, along with this the orator explained the need of SAE member and its importance with suitable explanation.

His speech about becoming a member in SAE was very much attracted to students and they interacted their needs and expectations with the chief guest.

He Explained well about Society for Automotive engineers membership will give more benefit in the manufacturing sector especially in automotive industries.
