

B.ME.3.7 To discuss and pass the first year syllabi of M.L. Thermal Engineering for the students admitted from the academic year 2022-23 onwards.

B.ME.3.8 Any other Matters

Resolutions

B.ME.R.3.1 Resolved that the following recommendations may be passed to the standing committee of the Academic Council for the syllabi of core courses of third year B.E Mechanical Engineering programme with the following changes.

Semester - V

RECOMMENDATION	RESOLUTION
B.ME.3.1.1 Dr PL K Palaniappan suggested to verify and change the Bloom's level of few courses	B.ME.R. 3.1.1 Bloom's level have been verified and changed as per suggestion
B.ME.3.1.2 Dr J Jerald recommended to add latest edition for 'A Textbook of Machine Design'.	B.ME.R. 3.1.2 Latest edition is incorporated for 'A Textbook of Machine Design'.
B.ME.3.1.3 D.M Saravanakumar insisted to verify latest edition for the course on Computer Aided Manufacturing	B.ME.R. 3.1.3 Latest edition are verified and incorporated in Computer Aided Manufacturing as per the suggestion

Semester- VI

RECOMMENDATION	RESOLUTION
B.ME.3.1.4 Dr.PL.K.Palaniappan suggested to verify and change the Bloom's level of Design of Transmission Systems	B.ME.R. 3.1.4 Bloom's levels have been verified and incorporated for the course on Design of Transmission Systems
B.ME.3.1.5 Dr.PL.K.Palaniappan suggested to revise the Cos and Bloom's level.	B.ME.R. 3.1.5 Course Outcomes and revised Bloom's levels have been modified as per the suggestion

B.ME.R.3.2 Resolved that the following recommendations may be passed to the standing committee of the Academic Council for the syllabi of professional elective courses of B.E Mechanical Engineering programme with the following changes

RECOMMENDATION	RESOLUTION
B.ME.3.2.1 Dr S.Robinson smart suggested to change the text books with latest editions in course on Vehicle Body Technology	B.ME.R. 3.2.1 Text books with latest editions included in course on Vehicle Body Technology as per suggestion.
B.ME.3.2.2 Dr PL K Palaniappan suggested to include Cold room Technology in Refrigeration and Air conditioning course	B.ME.R. 3.2.2 A topic on Cold room Technology is included in Refrigeration and Air conditioning course
B.ME.3.2.3 Dr J Jerald recommended to remove EDM and Grinding in the course on CNC Machine tools	B.ME.R. 3.2.3 Topics on EDM and Grinding have been removed from the course on CNC Machine tools

B.ME.R.3.3 Resolved that the following recommendations may be passed to the standing committee of the Academic Council for the syllabi of open elective courses offered to other programme students with the following changes

RECOMMENDATION	RESOLUTION
B.ME.3.3.1 Dr J Jerald recommended to add the topic patent ethics in unit V of Integrated product development	B.ME.R.3.3.1 Patent ethics is added in unit V of integrated product development course as per the recommendation
B.ME.3.3.2. Dr.S.Robinson smart suggested to change the Bloom's level for the course on Manufacturing Processes	B.ME.R.3.3.2 The Bloom's levels have been modified for the course on Manufacturing Processes
B.ME.3.3.3 Dr.S.Robinson smart suggested to include latest edition for the course on Robotics	B.ME.R.3.3.3 Latest edition has been included for the text book on Industrial "Robotics -Technology Programming and Applications"
B.ME.3.3.4 Mr N Lakshminarasimhan appreciated the open elective culture for the interdisciplinary learning.	B.ME.R.3.3.4 More open electives will be incorporated in the next Regulation

B.ME.R.3.4 Resolved that the following recommendations may be passed to the standing committee of the Academic Council for the syllabi of one credit courses offered during third year B.E. Mechanical Engineering programme with the following changes

RECOMMENDATION	RESOLUTION
B.ME.3.4.1 Dr PL K Palaniappan suggested to change the course outcome using Bloom's verbs and levels for the course on Vehicle testing	B.ME.R.3.4.1 The course outcomes have been changed using Bloom's verbs and levels for the course on Vehicle testing as per suggestion
B.ME.3.4.2 Dr M Saravanakumar suggested to have more practical classes for the one credit course on CNC Programming	B.ME.R.3.4.2 Fifty percent of the course has been changed as Practical course

B.ME.R.3.5 Resolved that the following recommendations may be passed to the standing committee of the Academic Council for course code changes in curriculum of Regulation 2020 for the students admitted from 2020-21 academic year onwards with the following changes

RECOMMENDATION	RESOLUTION
B.ME.3.5.1 Dr S. Robinson suggested for change of course name that the Foundations of Mechanical Engineering course to rename as Fundamentals of Mechanical Engineering	B.ME.R.3.5.1 Foundations of Mechanical Engineering course is renamed as Fundamentals of Mechanical Engineering as per suggestion
B.ME.3.5.2 Dr. J. Jerald recommended to have two Internal Assessment Examination instead of three.	B.ME.R.3.5.2 Recommendation forwarded to standing committee and the standing committee recommended for three examinations

B.ME.R.3.6 Resolved that the curriculum of M.E. Thermal Engineering of Regulation 2022 may be passed to the standing committee of the Academic Council for the students admitted from the academic year 2022-23 onwards

B.ME.R.3.7 Resolved that the following recommendations may be passed to the standing committee of the Academic Council for first year syllabi of ME Thermal Engineering of Regulation 2022 for the students admitted from the academic year 2022-23 onwards with the following changes

RECOMMENDATION	RESOLUTION
B.ME.3.7.1 Dr S Robinson smart suggested to add a topic on Compact heat exchanger in the course on Advanced Heat Transfer	B.ME.R.3.7.1 The topic on Compact heat exchanger has been added in the course on Advanced Heat Transfer
B.ME.3.7.2 Dr.J.Jerald recommended to include advanced measurement techniques in the course on Instrumentation for Thermal Engineering	B.ME.R.3.7.2 An unit on Advanced measurement techniques has been added in the course on Instrumentation for Thermal Engineering.
