MEMORANDUM OF UNDERSTANDING
BETWEEN

EXCEL ENGINEERING COLLEGE (AUTONOMOUS), KOMARAPALAYAM
AND
MOBITECH WIRELESS SOLUTION PRIVATE LIMITED, PERUNDURAI

PREAMBLE

EXCEL ENGINEERING COLLEGE (AUTONOMOUS), KOMARAPLAYAM (herein called Institution) a highly reputed technical Institution having the vision of becoming a Centre of Excellence, which has learned faculty, high quality laboratory facilities and large student community, who can complement the efforts of industries and other Specialized Engineering Training organization.

AND

MOBITECH WIRELESS SOLUTION PRIVATE LIMITED, (herein called Mobitech) is a leading irrigation automation company in India. We have strong dealer network in Tamil Nadu, Karnataka, Maharastra, Kerala, Andra Pradesh and Telangana. In total we have 40 Plus dealers. Now we are manufacturing and installing IoT based Motor starter, IoT based Valve controller and Fertigation system.

Both jointly agree to exchange their expertise for mutual benefit and growth on the terms mentioned hereunder.

1 PURPOSE

The purpose of this MoU is to outline how the Institution and MOBITECH will work together to maximize the benefits from their mutual interests and knowledge sharing. This MoU can be amended only in writing and subject to agreement by both the Institution and MOBITECH.

2 SCOPE OF CO-OPERATION

Both the parties believe that close co-operation would be of major benefit mutually to the Institution and MOBITECH. Accordingly, the following objectives are identified:

- a) Regular exchange of resource and knowledge
- b) Tapping of potentials which contribute to mutual benefits
- c) Joint effort to identify avenues for improving the relationship and its research opportunities
- d) Formation and monitoring of steering committee
- e) Striving to achieve the mission and work on the path of vision to maintain the quality of education enhancement

The above objectives may be accomplished through the following fields:

- a) Visits on either side
- b) Training and placement
- c) Sharing of Facilities
- d) Joint Venture programs
- e) Project work and problem solving

2.1 VISITS ON EITHER SIDE

MOBITECH would be instrumental to permit the students of the Institution to undertake Industrial visits to firms and R&D Lab under its purview (project sites) for the benefit of practical exposure.

The Institution would be happy to facilitate for the Institutional visit of the members and/or experts from MOBITECH. If any important technical meetings & conferences are held in the Institution, invitation could be extended to the MOBITECH.

2.2 TRAINING AND PLACEMENT

To provide training content, develop curriculum for Automation courses, area to be focused for training the students in their expertise during vacation or otherwise may be facilitated by MOBITECH through the Institution while any type of training programs for industrial personnel, laborers and executives falling within the scope of the Institution will be provided by the Institution. However, every individual program would have to be worked out separately by both parties.

Placement to students is arranged by the Placement center of the Institution and its Partner Organization and MOBITECH would contribute to the success of the program.

2.3 SHARING OF FACILITIES AND INDUSTRY VISITS

The Institution can facilitate MOBITECH for making use of various equipment, laboratories, library, and computers of the Institution for the purpose of testing, study, calibration, and research activities.

MOBITECH can facilitate to provide opportunities and inputs to students of the Institution to undertake field studies. The students and/or staff may also be permitted, if required and wherever possible, to visit and utilize the facilities of MOBITECH for the broad purpose of education, teaching, skill development, etc.

2.4 JOINT VENTURE PROGRAMS

Technical conferences, call for paper, research activities, workshops, seminars, symposium, exhibitions, practical testing classes may be arranged under joint venture on mutual interest by both parties. The logistics are to be worked out separately for every program.

2.5 PROJECT WORK AND PROBLEM SOLVING

MOBITECH would strive to use the students for doing live projects at various industries while faculty from the Institution would be willing to undertake any short-term project or problem solving for the MOBITECH, the logistics of which are separate. A copy of such project report developed by the students of Institution shall be sent to MOBITECH. THE WORKING RELATIONSHIP

- a) Based on the need for human resources, MOBITECH would give priority to the students of the Institution in recruitment of technical personnel other things being equal.
- b) A Steering Committee consisting of members from both the parties would be functionary to execute this MoU.
- c) The Steering Committee will provide policy direction related to all activities and financial implications.
- d) The Steering Committee would meet twice in a year to review the progress in the elements of this MoU.
- e) One of the members of Steering Committee on each side will function as its secretary.
- f) Any other matter which falls as a result of any of the above mentioned would be discussed and suitable action would be taken.

3 COMMENCEMENT, DURATION AND TERMINATION

The effective commencement date of this working relationship will be the date of the signing of this MoU and the working relationship shall remain in force for a period of 3 years from the commencement date.

The working relationship can be terminated at any time by any Party following a consultation period of 30 (thirty) calendar days or such period as agreed otherwise between the parties thereafter giving 30 (thirty) calendar days written notice of termination to the other Party.

The working relationship will not be automatically renewed and will be reviewed before the end date with a view to assessing delivery against the objectives set out in this MoU and whether a renewed working relationship aligns with the strategies and objectives of the Parties.
