SUMMARY REPORT

This is to inform that, Excel Engineering College, Department of Computer Science and Engineering conducted **Training of Youth on Cleaning Village – Green Village** on 04.02.2023, all students and faculty members attended the Awareness Programme.

Sanitation and neatness play an important role in our day to day routine. It is important as it prevents dangerous diseases like Dengue, typhoid, hepatitis, and other diseases caused by mosquito bite, etc. Rags and waste-paper can be turned into paper, and excreta picked up are golden manure for the village fields. The first thing that is required to create awareness among the villager about cleanliness and educate them accordingly.

Cleanliness gives a fresh and good look to our surroundings. Wearing a cleaned and ironed clothes protect you from skin infections. Cleanliness is very necessary for the physical and mental health of the people.

A Green Village is one which offers access to clean energy, adequate water, basic education, good healthcare, hygienic sanitation, leading to economic prosperity and enhanced quality of life, in a manner that is environmentally sustainable.

The Indian Government has also taken many steps in ensuring cleanliness in our country like the "Swacch Bharat Abhiyan."
