SUMMARY REPORT

This is to inform that, Excel Engineering College, Department of Computer Science and Engineering conducted “Constitution Day of India “ on 26.11.2022, all students and faculty members attended the programme and gained knowledge about the programming.

The “Constitution Day of India " delivered the information about to mark the adoption of the Indian Constitution by the Constituent Assembly

The committee responsible for drafting the Indian constitution, led by BR Ambedkar, devoted over 2 years and 11 months to completing the monumental task. As a tribute, a statue of Ambedkar, symbolizing his long-overdue recognition, has been installed on the premises of the Supreme Court.

Previously known as "Law Day," a name that lacked prominence, the government made a significant change in 2015 by renaming it "Constitution Day."

PROGRAMME REPORT

A Pledge on "National Voters Day"

DATE : 25.01.2023
VENUE : Respective Classroom
NO. OF PARTICIPANTS : 856

The program was arranged by the Department of Science and Humanities under the guidance of Dr.K.Bommanna Raja. The Principal presided over the function, Dr.V.S. Arulmurugan, First Year Coordinator welcomed the gathering including the faculties members of Science and Humanities Department. The program was coordinated by respective class advisor and about 965 students and faculty members have attended the programme. In order to encourage more young voters to take part in the political process, Government of India has decided to celebrate January 25 every year as "National Voters Day". It has been started from 25 January 2011 to mark the foundation day of Election Commission of India. Generally, the electoral commission allows a person to vote in the place where he or she resides or lives. If voting is done from two or more different places it is considered as an offense and this should be intimated to the Electoral Commission whenever he or she changes his or her place of living. In other words, we can say that it is a crime. When a person turns 18 years of age, as a citizen of India, he or she can enroll himself or herself as a voter. Also, the Election Commission revises the electoral rolls every five years and also before an election. At the time of voting, it is not necessary to carry a voter id, you can carry your PAN card, Driving license, Adhaar Card, etc. Therefore, we can say that National Voters' Day is an important day celebrated in India every year on 25 January to spread awareness among the youth so that they can cast their votes to a responsible person and participate in the development of the country. The participant were given awareness above the importance for vote and took pledge on National Voters day.

AWARENESS PROGRAM ON VOTING

DATE : 09.01.2023
VENUE : CLASS ROOM -A4-203
NO. OF PARTICIPANTS : 57

The program was arranged by the Department of Aeronautical Engineering association UAV club. Dr.S.P.Venkatesan HOD/Aeronautical welcomed the gathering and along with all the faculties and students of aeronautical engineering department. The program was coordinated by M.Sanjay Assistant Professor / Aeronautical. Around 57 students participated in the program. Voting is the cornerstone of any thriving democracy, a powerful expression of civic duty that empowers individuals to shape the trajectory of their nation. It is more than just a right; it is a responsibility that we all share in ensuring the continued vitality of our democratic principles. Each vote is a voice, a chance to influence policies, elect representatives, and champion the values that matter most to us. By participating in the electoral process, we contribute to the collective tapestry of our society, weaving together diverse perspectives to form a stronger, more representative government. Whether casting a ballot in local, regional, or national elections, our choices echo through the halls of power, influencing decisions that impact our daily lives. Voting transcends individual preferences; it is a communal act that binds us together in a shared commitment to a better future. So, let us embrace this fundamental right, recognize its transformative potential, and stand united in the belief that, through our votes, we can shape a more just and equitable society for all. Totally 57 students are participated and gain the knowledge about voting.
