Excel™ Technical Campus NEWS BULLETIN

Hon. Chairman's Message

I have often noticed that people forget their quarrels and rivalry with the passage of time. That is something positive and appreciable. But it cannot be applied to the studies you do in various courses. Once an interviewer finds out that you have majored in a particular stream, you are sure to get a generic question about that field and you are expected to be specific in your answer, if you want to impress your interviewer. All cannot excel in every field. Similarly, you may not be a success in all what you do. Mistakes are bound to happen. But here is where your God given memory power should be put to good use. Fail in the exam, but learn the lesson. Remember that each and every person who has succeeded in life has done it by learning the lesson even after the initial projects were utter failures.

I wish that this year 2022–23 be the best for you by way of having gathered experience from your mistakes, from the truancy of climatic conditions, from unexpected disasters like the pandemic, and the heavy target laid on you with limited time to catch up; but with a determination on your forehead that you can and you will make it...

Prof. Dr. A.K. Natesan

Chief Patron:
Rtn. Prof. Dr. A.K. Natesan, Hon. Chairman

EEC/23/4/01

The Academic Guest Lecture on "Finite Element Methods" was organized on 04th February, 2023 in Aero Smart Class. Dr. K. Bommanna Raja, Principal presided over the function. The resource person highlighted on Case study on Aerospace Component Design in Solid Works Workbench, Basics of Design and Drafting, Basics of Geometric Dimensioning and Tolerance. The resource person motivated the students to enhance their design skills using any of the available software tools.

The Guest lecture on Artificial Intelligence in Aviation was arranged on 04th February, 2023 in Pavayammal Hall. Dr.S.P.Venkatesan, HOD welcomed the gathering. The resource person insisted on Artificial intelligent, Artificial Intelligent Aircraft, Aviation control systems, Technological aspects of AI, Design thinking. The students arose with lot many queries to the resource person regarding the topic and expressed their gratitude.

EEC/23/4/02

EEC/23/4/03

The program "Essential Career Planning for Engineering Students" was conducted on 04th March, 2023 through Google Meet Smart Classroom. Dr. K.Bommanna Raja, Principal presided over the function. The resource person emphasized on the support of engineers to industries, skill development requirements and the job opportunities in Government and private sectors. The resource person motivated the students to enhance their skills.

The Seminar on Innovative Design Tools for Strategic and Social Application was organized on 17th February, 2023. Dr.C.Karthikeyini, Director-Academics presided over the function. The resource person delivered lecture on Introduction to design, Software usage in Industrial design, Innovative strategic for design and development, Technological aspects of analysis, Social application. Students were motivated to nurture knowledge in design skills using software tools.

EEC/23/4/04

EEC/23/4/05

The Workshop on Metal Joining Process was arranged for Non-Teaching Staffs on 07th January, 2023. Dr.P.Karunakaran, Professor, Department of Aeronautical Engineering took over the session by delivering the information and practices were given on Introduction to welding process, Practical demonstration about different types of welding joints, Types of materials with suitable welding process and Latest technologies of metal joining process.

The International Mother Language Day was conducted on 21st February, 2023 Dr. S.P.Venkatesan, Head of the Department presided over the function. Students from various states and a few countries represented their own linguistic tradition and culture besides the awareness of the diversity of linguistic, culture and multilingualism, the expression of identity, the role of mother tongue in the development of culture were discussed.

EEC/23/4/06

EEC/23/4/07

The Awareness Program on Software usage in Aircraft Industry was arranged on 24th February, 2023. The resource person highlighted on the Software technologies in aircraft industry, Design and development of software's, Latest tool usages in industry, and different types of software's used in industry and the Job opportunities. The participants interacted to clarify their doubts in the topic.

The Seminar on Accelerators – Opportunities for students & Faculties – Early stage Entrepreneurs was organized on 11th March, 2023. The resource person highlighted on Entrepreneurship opportunities for Engineers, Product Development ideas, various subsidy schemes given by government, Design software applications and the job opportunities in their company. It was an interactive and very interesting session.

EEC/23/4/08

EEC/23/4/09

The Department of Agriculture Engineering organized "Institute Visit - Tamilnadu Millet Conclave 2023" on 07th January, 2023. On this occasion, students gained the knowledge on the preparation of the value added products from millets, Organic Millet Products – Health benefits, Exports and Start-up ideas from TNAU – Technology Business Incubator (TBI), Coimbatore.

The Department organized an "Awareness program on Swachh Bharat" combined with NCC and Green Club on 07th January, 2023. On this Occasion, faculty members and students were given awareness about protecting birds in the Public and students were involved in cleaning process of Bird Sanctuary, Vellode. 55 students and 5 faculty members involved in this activity.

EEC/23/4/10

EEC/23/4/11

Pongal was celebrated in the campus on 13th January, 2023. On this occasion, the students and faculty members of Agriculture Engineering prepared sweet pongal and was shared among all. Students eagerly participated in various traditional dance and games.

A one day training programme on "Development and Strategic Marketing of Food Products" was conducted on 21st January, 2023. The students were asked to make value added products on their own materials without using heat. The students were asked to present their products in groups, guidance was given for marketing their products and the best ones were awarded based on the presentation and creativity.

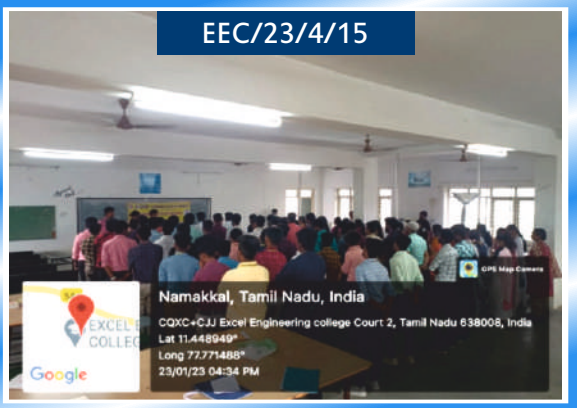

EEC/23/4/12

EEC/23/4/13

"GRAES Sports Meet" was organized on 21st January, 2023 to the students. In this activity, all the students of the department actively participated in various games like Throw ball, Khokho, Volleyball, Cricket and Football. 60 students and 2 faculty members participated in the Sports meet.

The Department of Agriculture Engineering, Excel Engineering College (Autonomous) celebrated "Netaji Subash Chandra Bose Jayanthi" on 23rd January, 2023. A few of our students delivered a speech about biography of Netaji Subash Chandra Bose, his motivational quotes and inspirational stories and his role in freedom fighting were also highlighted in the speech.

EEC/23/4/14

EEC/23/4/15

The Celebration of 13th National Voter's Day was on 25th January, 2023. A faculty member delivered the history of National Voters' Day and advised the students to encourage the young voters to take part in the political affairs as being a democratic citizen. A few significant ideas were educated to the students about the voting rights and duties as a citizen of India.

The Department of Agriculture Engineering organized an Industrial Visit to Tamilnadu Agriculture University, Coimbatore on 03rd February, 2023. Students gained knowledge about the Post Harvest Technology, Water Technology, Integrated farm Management systems, Agro Climate Research and Fruits centre.

EEC/23/4/16

EEC/23/4/17

The Farm Visit to AKN Agri Farm was organized on 04th February, 2023. The students were nurtured with the practical knowledge in Integrated Agriculture farming and IoT based Smart Irrigation Techniques. The Farm manager explained about the working principle of all the processing equipment. The students learned the processing of Tissue culture and IoT Based irrigation system.

Personality Perfection Program was organized by Dhan foundation on 06th February, 2023. The Chief Guest K. Elavarasi delivered the speech on improving the interview skills and suggested to maintain their personality during interviews. Extempore session was also conducted for the students to bring them out of hesitation.

EEC/23/4/18

EEC/23/4/19

An Awareness Programme was organized on "Uzhavan App" on 03rd March, 2022 at KVK Centre, Gobichettipalayam, Erode. The Presidential Address was delivered by Dr. P.Alagesan, Senior Scientist, Krishi Vigyan Kendra (KVK) Centre, Gobichettipalayam. The 52 participants of farmers were explained about the installation procedure, benefits and features of Uzahvan App through Power point presentation, Video presentation and Pamphlets.

A National level workshop was organized on "Entrepreneurship and Innovation as a Career Opportunity" on 23rd March, 2023. The chief guest Dr. D.P.Som Solomon addressed about the Entrepreneurship and Intra-preneurship, significance of Start-ups, Startup Phases Technology Readiness Levels, sample Case Study and some successful innovative ideas. 178 students from other colleges participated in the poster presentation about the theme of "Entrepreneurship".

EEC/23/4/20

EEC/23/4/21

A National level Technical Fest "SHUKRA 2K23" was organized on 31st March, 2023. Technical events like Paper and Poster Presentation and Project expo were conducted based on the theme of Agriculture Processing Technology. Non- technical events like Chisel the Climax, Treasure Hunt and Photography were also conducted. 70 students of other colleges were participated in the fest and all the participants were awarded the certificates.

The Department organized an event on Code Debugging in Python on 07th January, 2023. Students of Artificial Intelligence & Data Science attended and solved the problems. Students learned about the debugger software tool that can help the software development process by identifying the errors in coding at various stages of the operating system or application development.

EEC/23/4/22

EEC/23/4/23

The Department of Artificial Intelligence and Data Science organized an intra-cricket match at Excel Cricket ground on 21st January, 2023. Students formed groups for cricket match among 2nd and 3rd year students.

An Industrial Guest lecture was organized on 'Emerging Technologies in Artificial Intelligence and Data Science' on 04th February, 2023. The resource person is Mr. Gopinath, MD Next Gen Technologies addressed the students about Internet of Things (IoT) and he explained the inter- relationship of AI and IoT.

EEC/23/4/24

EEC/23/4/25

Two days of Industrial Visit was arranged for 2nd & 3rd year students on 16th & 17th February, 2023. Students learnt on weaving technologies which is the process of fabric production for the clothing, home furnishing and decoration. Weaving machine has been using computer controlling device for a long time. Automation is used in weaving industry especially in winding, wrapping, sizing also used in loom.

The Department organized a seminar on 'Recent Developments on Block chain Technology' to the students on 22nd February, 2023. Students learnt about the block chain technology, its purpose and the mechanism sharing within a business network. A block chain database stores data in blocks that are linked together in a chain.

EEC/23/4/26

EEC/23/4/27

Value added course on Block chain Technology was organized to the students from 22nd February, 2023 to 27th February, 2023. Block chain technology is an advanced database mechanism that allows transparent information sharing within a business network. The students gained knowledge on how to use block chain technology to create an unalterable or immutable ledger for tracking orders, payments, accounts and other transactions.

The Department organized a Technical event - "Cultech2k23" on 27th February,2023. Students from various other colleges participated in a few events such as paper presentation and Video presentation. Technical papers from recent trends like Machine learning, Internet Of Things on AI, Agriculture, Artificial Intelligence, Robotics, Data Science and Analytics etc., Video Presentation on Artificial intelligence, Electronic Waste and How to recycle e-waste etc., Best papers and best videos were awarded and Participation certificates were issued to all the participants.

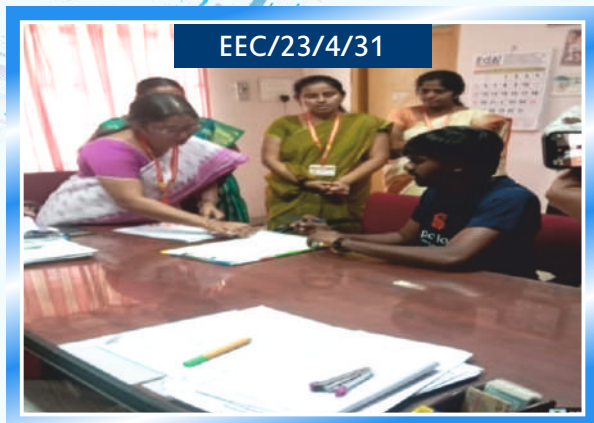

EEC/23/4/28

EEC/23/4/29

A Workshop on 'Machine Learning Techniques' was organized on 27th February, 2023. Dr. S.Malliga, Kongu Engineering College was the Resource person delivered the basics of Machine Learning Techniques and focused on various algorithms. She covered frameworks such as Numpy, Anaconda etc. Students gained more knowledge of the recent trends and emerging techniques in Machine Learning. Participation certificates were issued to all the participants.

The event of Plantation of trees was organized on 11th March, 2023. Tree plantation is the process of transferring of seedlings from one place to another for different purposes. Furthermore, there are various reasons behind tree plantation but the most important are forestry, land reclamation and landscaping. Students were educated on the importance of plantation and its purpose.

EEC/23/4/30

EEC/23/4/31

MOU Signing ceremony was organized for students of on 17th March, 2023. MOU is a non-binding agreement between the college and the industry. Mr. Vishnuvardhan, People Manager and co-founder of Sparkout solutions delivered content to encourage the students. He has signed an MOU with our college.

The Department organized a Seminar on 'Decentralized Finance' on 17th March, 2023 based on MOU Industry Related Activity. The resource person gave lectures about Block chain Technology and Cryptocurrency in Banking Sector. Block Chain Technology is an advanced database mechanism that allows transparent information sharing within a business network. Students ask more doubts about blockchain technology in financial field.

EEC/23/4/32

EEC/23/4/33

The Department of Biomedical Engineering organised an Industrial visit to Pasteur Institute of India on 20.01.2023. This visit was mainly focussed on to understand the production of Anti Rabies Vaccine and DPT Group of Vaccines for the Expanded Programme of Immunization of Govt. of India. The training officer explained about the facilities available inside the centre, their filling and storage of vaccine, the maintenance and ethics of vaccine production.
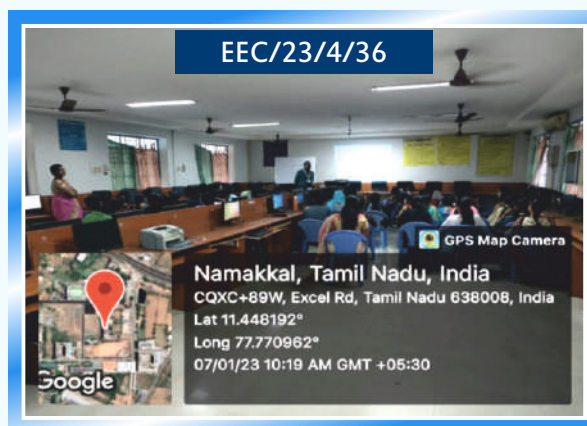

Our college organized technical talk show on "Health care in resource constrained settings: perspective of wearable physiological monitoring system" on 29th March, 2023. Dr. N. Sriraam explained about scientific research idea, internship and proposal writing in the field of health care industry.

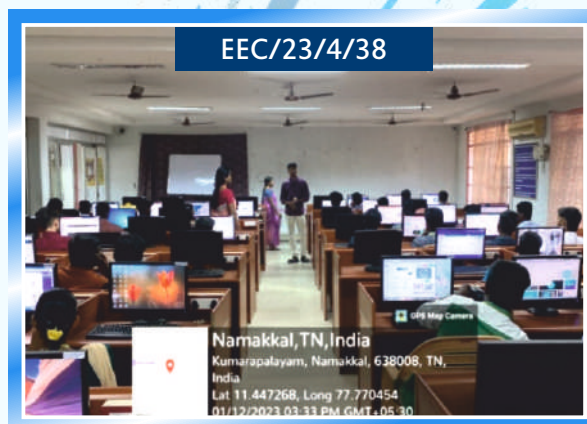

EEC/23/4/34

EEC/23/4/35

Department of Biomedical Engineering, Excel Engineering College has celebrated "World Food Day" on 14th February, 2023. Around 18 students participated in fireless cooking contest. Team of Jansy Rani and Yogavathy of third year, Team of swetha, Bhuvaneshwari and Durka of third year and team of Kaviya R, Kiruthiga, Gopika and sabitha from BME won first prize , second prize and third prize respectively.

Workshop on 'MATLAB onramp-MATLAB & Simulink Tool' was conducted on 07th January, 2023 at Bio-computing laboratory. The concept was delivered on matrix laboratory programming, details about the syntax, declaration of variables to the program, basic tasks using command window in Matlab onramp software. 51 students were participated in this workshop.

EEC/23/4/36

EEC/23/4/37

The Department of Biomedical Engineering organised an Industrial visit to Pasteur Institute of India on 20th January, 2023. This visit was mainly focussed on to understand the production of Anti Rabies Vaccine and DPT Group of Vaccines for the Expanded Programme of Immunization of Govt. of India. The training officer explained about the facilities available inside the centre, their filling and storage of vaccine, the maintenance and ethics of vaccine production.
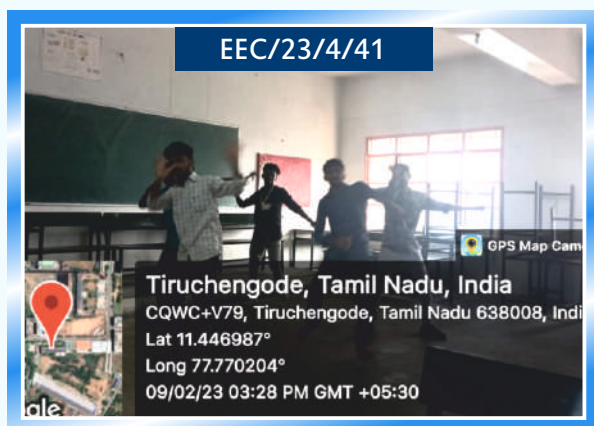

"NATIONAL YOUTH DAY" was celebrated on 12th January, 2023 to commemorate the birth anniversary of Swami Vivekananda, one of the greatest philosophers and spiritual leaders. On this occasion, students participated in "Logo Maker Presentation for CSE & CSBS Club. The best presentation was honored.

EEC/23/4/38

EEC/23/4/39

A Demo session was conducted on PC Assembling and Software Installation on 21st January, 2023.Assembling PC refers to the design/construction of a computer-based on the raw computer hardware component equipment where PC assembling involves installing all the computer required components at the given location at various component locations in the computer cabinet.
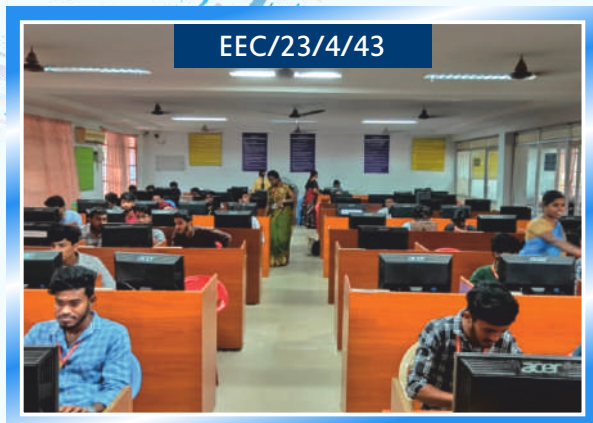

A program on "Training for Youth on Cleaning Village – Green Village" was organized on 04th February, 2023 at Kaliyanoor Village. All students and faculty members attended the Awareness Programme. It is required to create awareness among the villagers about cleanliness and educate them accordingly. A Green Village is one which offers access to clean energy, adequate water, basic education, good healthcare, hygienic sanitation, leading to economic prosperity and enhanced quality of life.

EEC/23/4/40

EEC/23/4/41

"A Cultural event on singing and dancing" was organized on 09th February, 2023. They are events of some importance related to some branch of art, culture or values. The goal of the cultural festival is to celebrate culture together. It is to teach and learn more about the diverse culture. Cultural dances provide an opportunity for community members to come together and have fun, while engaging in healthy activities.
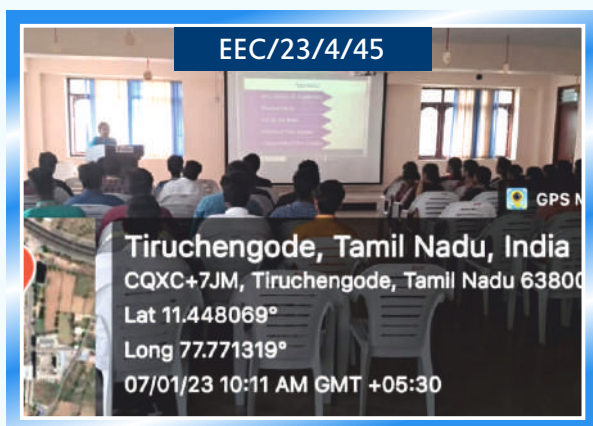

Our Department conducted Alumni Guest Lecture on "Automation Testing with Selenium Tool" on 04th March, 2023. The resource person is Mrs. Vimala Kishor, Test Engineer, Global Logic India Private Limited, Chennai. Selenium is an open-source tool that automates web browsers. It provides a single interface that lets you write test scripts in programming languages

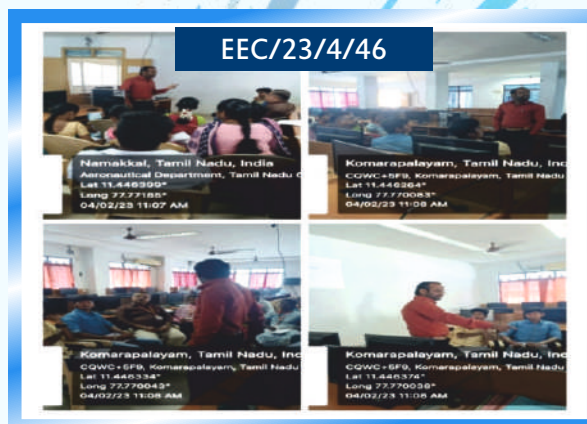

EEC/23/4/42

EEC/23/4/43

Hands-On Training – 'Coding Club' was conducted on 11th March, 2023. CODING CLUB is a platform where the students will be able to develop and learn various skills like, Computer coding, Application development, Web development and Artificial Intelligent, promote excellence in Computer Science and Engineering education and overall practice and gain technical and collaborative skills to design real-life projects.

A National Level Technical Symposium – 'YANTHRA' was conducted on 31th March, 2023. The institution always lays the platform for the students to establish themselves as unique individuals. Students from reputed institutions took part in various events like paper presentation, Code Heist, Bug Buster, Web Wizard, Problem solving Quiz, Gaming and movie quiz and showcased their talents.

EEC/23/4/44

EEC/23/4/45

Industrial Guest Lecture was organized on "Data Science and its Application" on 07th January, 2023. The speaker of the program is Ms.Shalini Associate Technical Support Engineer, Skill-Lync, Bangalore. Data Science is the deep study of a large quantity of data, which involves extracting some meaningful ideas from the raw, structured, and unstructured datas. Students gained knowledge on the future Artificial Intelligence.

Skill Development Programme was conducted on "Troubleshooting the problem in system and Network" on 04th February, 2023 for Non-Teaching faculty members. Faculty members were benefitted about the concept of troubleshooting, its purpose and importance of working on it.

EEC/23/4/46

EEC/23/4/47

An awareness program on "Road Safety" was organized on 04th February, 2023. In Today's world, road transport has become an integral part of every human being. Our aim is to provide road safety information for road users to encourage safer road user behaviour among current and prospective road users and reduce the number of people killed and injured on our roads every year.

The Department organized an activity on "Tree Plantation" on 04th March, 2023 inside the campus. Tree Plantation drives combat against many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment. Students enjoyed in planting trees and learnt the importance of plantation.

EEC/23/4/48

EEC/23/4/49

A workshop on "Full stack development on Software Engine" was organized on 11th March, 2023. The Speaker of this programme is S.Sasidharan, Chief Learning Officer, Amphisoft Technologies, Coimbatore. Full stack development is the feature of technologies. Students are very eager to know about the full stack development and they asked many questions and clarified their doubts.

"The Guidance for Competitive Exam" was conducted on 21st March, 2023. The guidance for competitive examinations like Civil Services, UGC and CSIR NET, CAT, MAT and other examinations were given for the students to enhance themselves for the higher studies and job opportunities. Students asked many questions regarding the competitive exam and got cleared with their doubts.

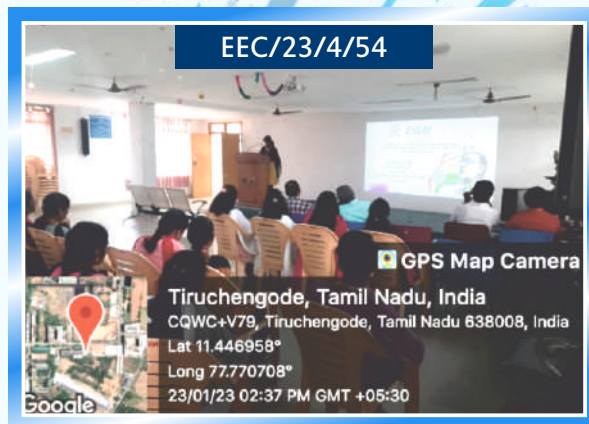

EEC/23/4/50

EEC/23/4/51

"A Workshop on Machine Learning with Python" was conducted on 31st March, 2023.The speaker of the program is Mr.V.Chandran, Senior Associate Data Science, Enterprise Building Training Solutions, Maharashtra. Machine learning is actively used in our daily life and perhaps in more places than one would expect. The students were benefitted and gained additional knowledge beyond the academic curriculum.

The Department of Food Technology participated in "Tamil Nadu Millet Conclave" a World Record Event, Exhibition and Conference was organized at Nirmala College for Women (Autonomous), Coimbatore on 07th January, 2023. Students gained knowledge about importance of millets, preparation of the value added products from different Millets, analytical techniques of millet, etc. 555 Value added millet products were displayed. Health benefits, Exports and Start-up ideas were also given by TNAU - Technology Business Incubator (TBI), Coimbatore.
